

VAISHNAVI GUPTA

Computer Science Engineering Undergraduate | Startup Enthusiast

+91 9170002681 | Guptavaishnavi3515@gmail.com | linkedin.com/in/vaishnavi-gupta-18a853372

PROFESSIONAL SUMMARY

Highly motivated Computer Science Engineering undergraduate and SheFi Scholar with a strong foundation in web development, artificial intelligence, and open-source contribution. Demonstrated success in community leadership and student engagement through high-impact roles as a Google Student Ambassador, GSSoC Ambassador, and Campus Ambassador for IIT Bombay. Passionate about leveraging technology, driving entrepreneurial initiatives, and fostering collaborative tech communities.

EDUCATION

B.Tech in Computer Science Engineering (CSE) 2025 – 2029

ABES Engineering College

Intermediate (12th Grade) 2023 – 2025

Shankar Lal Public School Prayagraj

- Participated in Eureka Junior organized by E-CELL IIT Bombay.

High School (10th Grade) 2016 – 2023

Kendriya Vidyalaya New Cantt Prayagraj • Score: 87%

PROFESSIONAL EXPERIENCE & LEADERSHIP

Google Student Ambassador • Google Gemini 2026

- Represented Google Gemini on campus, driving product awareness and student engagement.
- Organized and hosted the **Gemini Pitch Night** (an AI-powered product pitching competition) and the **Career Glow Up Pitch Night** (focusing on creativity and student branding).
- Facilitated interactive workshops on Artificial Intelligence and Prompt Engineering to promote technical innovation.

Ambassador, Volunteer & Contributor • GirlScript Summer of Code (GSSoC) 2025 – 2026

- **2026 (GSSoC '26):** Selected for high-impact roles including Ambassador, Volunteer, and Open Source Contributor, actively driving open-source adoption and community building.
- **2025:** Contributed to various open-source projects, successfully resolving technical challenges and participating in an intensive virtual technical bootcamp.

Campus Ambassador • E-Cell & Techfest, IIT Bombay Jun 2025 – Dec 2025

- Selected among the Top 1000 ambassadors nationwide to represent one of India's premier student-run startup platforms.
- Spearheaded digital outreach, event promotion, and networking initiatives, significantly enhancing campus participation in entrepreneurial events.

SheFi Scholar (Season 15) • SheFi

- Selected for a prestigious program empowering women in technology and finance.
- Gained comprehensive exposure to emerging fields including Web3, fintech, blockchain, and advanced leadership development.

TECHNICAL PROJECTS

- **To-Do Website:** Designed and developed a dynamic, user-friendly task management web application.
- **Weather Forecasting App:** Built a responsive web platform utilizing external APIs to deliver real-time weather updates.
- **E-Commerce Clones:** Developed fully functional front-end clones of **Amazon** (hosted via GitHub) and **Bentley Luxury**, demonstrating proficiency in UI/UX principles and modern web frameworks.

HACKATHONS & OPEN SOURCE ACHIEVEMENTS

- **Upcoming Contributor (2026):** Selected for Social Winter of Code, expanding open-source involvement with a focus on social impact.
- **HackIndia 2026:** Competed in the Web3 & AI Hackathon, showcasing teamwork, rapid prototyping, and innovative problem-solving.
- **Smart ABES Hackathon (SAH 2.0):** Participated in high-stakes problem solving, strengthening technical and analytical resilience.
- **CyberQuest Challenge:** Actively engaged as a Cybersecurity Enthusiast, gaining hands-on exposure to real-world cybersecurity scenarios.

CORE COMPETENCIES & SKILLS

Technical Skills: Data Structures & Algorithms (DSA), Web Development, Web3, Artificial Intelligence, Coding, Technical Editing, CAD Formatting.

Professional Skills: Entrepreneurship, Digital Outreach, Professional Networking, Event Organization & Promotion, Public Speaking, Creative Problem-Solving.

Interests: Startups & Entrepreneurship, Emerging Technologies, Technical Documentation, Community Leadership.
